

# Changing Your Password

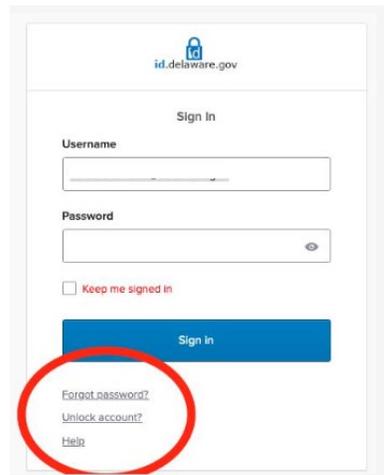

There are multiple ways to change your password.

1. From your PC, select the keys:

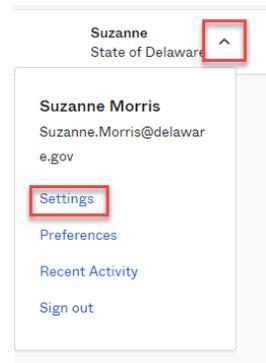

Choose the option to “Change a Password” and follow the prompts.

2. On the id.delaware.gov widget choose “Forgot password” option to change and/or reset a password and follow the prompts.

3. Log into id.delaware.gov
  - a. In upper right-hand corner, next to the name, click on the dropdown karat,
  - b. Select Settings, under the Security Methods,
  - c. Select Edit Profile, you will be prompted to Verify/Authenticate and enter your current password,
  - d. Once verified, the Account screen with the option to Change Password will launch.

A screenshot of the Change Password form. At the top, there are two bullet points: 'Your password cannot be any of your last 24 passwords' and 'At least 1 day(s) must have elapsed since you last changed your password'. Below this are three input fields: 'Current password', 'New password', and 'Confirm new password'. At the bottom left, there is a checkbox labeled 'Sign me out of all other devices.' with a link to 'Learn more.'. At the bottom right, there is a 'Change Password' button.
